

Personal Growth – An Opportunity For Review!

A note from the Pastoral Leadership Team...

We are committed to leading the church in a way which helps people effectively grow in their faith and engage with our vision. This questionnaire has been written so we can get feedback on how well people understand and relate to the vision of the church. The responses we collect will help us as we plan the next season of church life. Our aim is to help everyone thrive in their relationship with God and play an active role in extending God’s Kingdom in the city. Any comments you make will be carefully considered as we continue to plan our future, and we are happy to follow up personally with any specific questions raised.

What really excites you about being in this church? And why?

How do you feel connected to the church?

What has helped you feel more connected AND/OR what would help you feel more connected?

What do you feel that you bring to the vision of the church? *(You can read this on vineyardnetworkchurch.com/about/vision)*
